

COLD 13 LATEX CRINKLE 3/4 DIPPED GLOVE

DESCRIPTION

This glove features a dual-layer thermal construction, providing sustained insulation for work in low-temperature environments. The 3/4 latex coating creates a high-friction surface for reliable grip in both dry and wet conditions, while also resisting fluid penetration. The non-coated back of hand allows airflow through the glove, limiting internal humidity buildup and keeping the hand comfortable during extended wear.

COMPOSITION

- 100% Polyester, Acrylic, Elastane
- Latex Crinkle, 135g
- Black XS-XXL

FEATURES

- 3/4 dipped for increased protection
- Twin liner traps in heat through increased insulation
- Crinkle latex coating offers excellent grip
- Specially designed for use in cold conditions
- Provides contact heat protection up to 250°C for 15 seconds
- Breathable seamless liner
- CE certified
- Retail tag which aids presentation for retail sales
- 13 gauge liner constructed for durability and precise fitting

STANDARDS

EN 388: 2016 + A1: 2018
EN 511: 2006
EN 407: 2020
EN ISO 21420: 2020 Dexterity 5
