

MECHANIC 120 LEATHER PALM GLOVE

DESCRIPTION

This general handling glove combines durability with comfort and flexibility. The palm is made from goat leather, offering excellent abrasion resistance, strength, and grip without compromising tactile sensitivity. The back of the hand is constructed from a lightweight polyester knit, providing breathability and stretch to enhance dexterity. Together, these materials deliver a glove that is robust, durable, and comfortable for extended wear — ideal for general handling, assembly, and maintenance tasks.

FEATURES

- Goat leathers grain structure provides good abrasion, comfort and dexterity
- Leather palm greatly improves durability
- High performance multi-purpose glove
- Protection against contact heat up to 100°C
- Lightweight and comfortable
- Ergonomically designed for efficiency and comfort
- CE certified
- Retail tag which aids presentation for retail sales

STANDARDS

EN ISO 21420: 2020 Dexterity 5
