

CHEM 350 BUTYL GAUNTLET

DESCRIPTION

Engineered for extreme environments, the A824 Butyl 350 provides superior protection against aldehydes, ketones, esters, and concentrated mineral acids—ensuring safety in high-risk industries.

Ergonomic comfort designed with a naturally curved shape and soft material, these gloves offer a comfortable fit, reducing hand fatigue while making donning and doffing effortless.

Enhanced flexibility & dexterity soft butyl formulation allows for exceptional flexibility, ensuring precision and ease of movement without compromising protection.

Superior grip performance rough-textured palm reinforces grip strength, providing secure handling in wet or hazardous conditions.

Choose the A824 Butyl 350 for reliable, high-performance protection in the most demanding work environments.

FEATURES

- Chemical resistant
- Sandy textured finish designed to improve grip performance using fine grains to create a more abrasive surface that improves grip in all conditions
- Designed for easy donning and doffing
- 350mm length
- 0.78mm thickness
- Acceptable quality limit (AQL) 1.5
- CE certified
- New style
