

COMPOSITE LEATHER FOUNDRY BOOT SB PL CI HI HRO FO LG SR EH WG FE

DESCRIPTION

The FC48 Foundry Boot is your ultimate safety solution. The FC48 features a full grain leather upper and engineered leather flap for quick removal in under 5 seconds. The design incorporates an internal strap to aid fitting and is engineered to pull away from the protective flap. The TPU grip patch enables easy use when wearing a leather gauntlet. The FC48 is tested to extreme temperatures, meeting both HI and CI requirements, with also a high tolerance of heat protection with a HRO rubber outsole. The outsole also includes an integrated ladder grip and superior slip resistance outsole. The FC48 is tested to 18kV and therefore meets requirements of Electric Hazard ASTM standard.

COMPOSITION

-  Full-Grain Leather
-  Rubber Outsole:F117
-  Black 38-48

FEATURES

- FR aramid thread for extra durability and protection
- High protection against iron molten metal splash
- Rubberised tab, for better use when wearing a gauntlet
- Specially engineered hook and loop protective flap, for quick release
- Internal strap for enhanced fitting
- Ideal for welding and metal handling
- Superbly cushioned comfort footbed reducing foot fatigue
- Padded collar for added comfort
- Back pull-tab for ease of getting onto the foot
- Padded tongue
- Pierce resistant composite midsole
- Heat insulation for added warmth in cold environments

STANDARDS

EN ISO 20345:2022 +A1:2024
EN ISO 20349-1:2017+A1:2020
ASTM F2413-24
