EAGLE FFP3 VALVED CARBON FOLD FLAT RESPIRATOR (PK10)

DESCRIPTION

Introducing our innovative and comfortable compact folding mask, designed with 7 dynamic parts to ensure maximum facial movement and comfort. Equipped with a valve and inner foam, it provides increased comfort for the wearer while the added carbon layer effectively absorbs nuisance odours. It also includes the DOLOMITE optional clogging test for superior protection. The special flat shape and individual polybag make it easy to store and vending machine ready for ultimate convenience.

COMPOSITION

-  **PP, PU Foam, Activated Carbon**
-  **White One Size-One Size**

FEATURES

- Activated carbon layer for improved absorption of nuisance odours, organic vapours and welding fumes
- 7 ergonomic points which adapt to different face shapes
- High performance exhalation valve to reduce heat and provide comfort when used in hot and humid conditions
- Flexible shape which allows the mask to be folded flat
- Adjustable nose bar for improved fit and reduced fogging of glasses
- Foam padding around the nose bridge for additional comfort
- Individually wrapped inside hygienic polybag
- Dolomite optional clogging test (D) to provide more comfortable breathing and longer lasting filtration performance
- Individually packed for vending machines
- Retail box which aids presentation for retail sales
- CE certified
- UKCA marked
