

INTEGRATED VISOR HELMET

DESCRIPTION

An innovative and stylish safety helmet, equipped with an integrated visor for convenient use. The visor can be easily pushed back into the helmet shell, ensuring safe stowing when not in use. With dual certification under new EN 397:2025 Type 2 as well as EN 12492 this helmet offers a high-performance PPE solution for extra impact protection from various angles. The ventilated helmet shell allows for optimal airflow, providing a cooling effect during wear. Inside the shell, EPS foam enhances comfort and ensures enhanced safety. The 4-point chin strap keeps the helmet securely in place.

COMPOSITION

-  **ABS, EPS (Expanded Polystyrene), Polycarbonate**
-  **, 480g**
-  **Bright Orange**

FEATURES

- Inner expanded polystyrene foam
